

## SMART FARMS FUNDING

# Partnership Opportunity

*Partner with Petaurus Education Group to support your grant application for the National Landcare Smart Farms Partnership and Small Grants (Tier 1 & 2).*

## Partner with Petaurus

The current Smart Farms Funding is all about partnerships; and who better to partner with to help promote your project than Petaurus Education Group. We can assist you in the delivery of many of the outcomes listed under the Smart Farms guidelines. Such as the dissemination of natural resource management information, increasing community awareness, showcasing innovation in capacity building and involving youth (particularly schools).

**Our skills and connections within the community are wide and varied - from publication development, to event coordination and online resources across southern New South Wales.**

We can assist your group achieving targets around soil health, conserving and restoring Australia's native biodiversity, climate change adaptation, sustainable agriculture, natural resource management and cultural heritage.

## What we bring to your project

- **WEBSITES** that are designed to meet your requirements by people who understand NRM and Landcare
- Beautiful **PUBLICATIONS**, for large and small projects, that showcase your projects and prepared by our team who are experienced in science communication and interpretation
- Our **VIDEOS** are suitable for use in social media campaigns
- **EVENT COORDINATION** that helps you bring together multiple groups, individuals and experts for training or awareness
- **CASE STUDIES** that share your stories with the wider community
- Developing **ARTWORKS** that add a unique style to your project
- Incorporating **CULTURAL HERITAGE** activities to modern day land management practices
- Creating **INTERACTIVE BOOKS** that help raise awareness and educate others about your project - examples include our Squirrel Glider and Corroboree Frog books (see the website)

## WHY CHOOSE US?

Petaurus Education Group Inc. is a not-for-profit organisation, and together with our principal partner PeekKdesigns, we are highly respected within Landcare, Local Land Services and catchment management organisations for our innovation, professionalism and capacity to support community groups.

*We know NRM*
