GENERAL INFORMATION

Location

Burrumbuttock is located in the central south of N.S.W. 32 km north east of the City of Albury. Wirraminna Environmental Education Centre is 400 metres from the Burrumbuttock Post Office on Howlong Road. It is part of the West Hume Landcare area, Burrumbuttock Creek Catchment.

Burrumbuttock Creek flows west into the Billabong Creek and joins the Murray River some 400 km to the West.

Grid Reference

Temperature

Average monthly range from maximum of 12°C in July and 30°C in February to minimum of 2° in July and 14°C in February

Absolute Temperatures range from -5°C to 45°C

Winds - no data held - use Albury figures

Frosts - no data held - use Albury figures

Water Table

There seems to be a perched water table at about 10.5 metres below ground with an EC of 2.47c/sm with an underlying aquifer at a depth of 55 metres and EC of 2.7 cl Sm (June 2000)

Soil Type

Top Soil (to 0.2 metres)

Dark reddish-brown clay loam

Sub Soil

Yellow red medium clay

Geology

refer printed map

General vegetation of the area

Less than 1% of the catchment is now timbered, following extensive clearing after settlement. Most trees exist on private land, especially in areas less suited to agricultural production e.g. hills and rocky ridges. Many of the roadways carry significant timbered corridors. The only remnants of the natural understory occur on roadsides.

HISTORY PRIOR TO 1993

Wirraminna was originally known as public watering place 443. Notified in the government gazette on 20 February 1904. The area was declared a town water supply on 27 August 1937 - Once it was declared a town water supply, Hume Shire Council became the controlling authority by virtue of the Pastures Protection Act of 1934. On 16 December 1991, Hume Shire Council delegated care, control and management of the Burrumbuttock Recreation Reserve including Portion 172 and PWP 443, to the Reserve Committee.

Reference: D.J. Pollard - Hume Shire Council, 24 November 1993.

The dam was sunk in 1902 for travelling stock and as an insurance against drought, it was dug by Chinamen with picks, shovels and drays and was 6 metres deep.

For many years the lessee of the 'Tank Paddock' had to maintain a supply of water in an overhead corrugated iron tank, filled by an old piston pump driven by a petrol engine.

A galvanised trough, more than 22 metres in length, eventually rusted out and a circular concrete trough was built.

The dam and tank were a very important recourse and a local meeting place as people came to fill their water tanks.

Over the years, the large wooden tank stand became rotten and had to be pulled down. However, this was after 1982, when town water was connected.

Stock have grazed the area for many years. The area known as the nelder was cropped on occasion, but gradually PWP 443 fell into a state of disrepair. It is worth noting that the dam itself was fenced off from stock.

It provided a good swimming hole and yabbing was popular.

AIMS AND OBJECTIVES

AIM

To establish a site for community environmental education and a field study area for students

OBJECTIVES

- To alert the community to the decline of native vegetation, loss of biodiversity, its consequences, and provide constructive solutions.
- To identify, protect and propagate endangered local plants.
- To increase awareness and promote greater usage of native species amongst the wider community.
- To enhance wildlife habitat and re-establish wetland environs
- To learn more about local fauna and how this woodland eco system operates.
- To highlight local natural resource management issues.

EARLY DEVELOPMENT

TEAM PROFILE

Co-ordinator

Mr Darryl Jacob

Fitter and Machinist, Toolmaker. Concerned environmentalist with practical experience through extensive bushwalking and visiting many parks and bush reserves. Motivator and communicator.

Ms Judy Frankenberg BSC MSC

Environmental Scientist and consultant. Chairperson, West Hume Landcare

Technical Adviser

Ms Sue Schilg BSC. Botany Horticulture Certificate

Horticulturist and native vegetation expert.

Group facilitator for West Hume Landcare 1990-1993.

Ms Wendy Wiltshire

Graphic Artist, Teacher at Primary Schools and part-time at Charles Sturt University.

Interpretative Signs.

Mr Owen Dunlop Dip.Ed

Education Facilitator

Principal, Burrumbuttock Public School

Lecturer at Charles Sturt University - part-time

Claude Hamdorf

Earthmoving contractor and landscaper.

Councillor Christine Nesbit

Representative Hume Shire Council

Other Key Personnel:

Mr Geoff Hollway	West Hume Landcare Co-ordinator
Mr Don Eastick Landscaper.	Green keeper - Howlong Golf Club
Mr Trevor Jacob	Landscaper - Amateur conservationist
Ms Jenny Cross	Secretary, publicity 1998
Ms Fe Coleman	Publicity 1995-1998
Ms Jan Hall	Native Plant Expert - Pantanga Nursery
Mr Graham Beesley	Printer
Mr James Jelbart	Farmer
Mr Jim Marshall	Farmer
Mr Brian Schilg	Farmer
Mr Colin Wiltshire	Carpenter
Mr Cliff Newton	Electrician
Mr Gary Breen	Bird Count - Bird Atlas Society

- Federal Member for Farrer - Mr Tim Fischer
- Member for Albury - Mr Ian Glachan

Other Organisations

- Australian Geographic Centre - Terrey Hills
- Bird Atlas Society of Australia
- Kangaroo Protection Society - Sydney
- Australian Plant Society

DEVELOPMENT SUMMARY - KEY ISSUES

The following points are considered keys to the development of Wirraminna.

1. The availability of crown land, adjacent to the school.
2. The land is easily accessed by the public being on a main road, and close to the village centre.
3. The natural features of the land which included a large dam and existing mature trees.
4. The foresight of Judy Frankenberg as President of West Hume Landcare and consequently their technical and financial support.
5. Darryl Jacobs's positive approach to the whole problem of the lack of Environmental Education in the community.
6. The professionalism and vision of Owen Dunlop, as Principal of the Burrumbuttock Public School.
7. Burrumbuttock is a small, tight knit community. Many residents went to school together and have pride in the village. We are lucky to have a wealth of talented, unselfish supporters.
8. About this time, the Department of Education and Training were considering expanding their key learning areas especially to include hands on Environmental Education. This resulted in the "Learnscape" program and blended in perfectly with our project.
9. The availability of funds through Natural Heritage Trust. The application forced the team to clearly define their aims and objectives and set up a good working plan.
10. The support of Australian Newsprint Mill now Fletcher Challenge paper. Obviously, their executive feels the need to support environmental outcomes such as ours.
11. The assistance of Hume Shire Council. Communication channels were always open, and their professional staff were helpful and positive.

SUMMARY 2006

With the completion of our new 'Discovery and Learning Centre' Wirraminna enters an exciting and challenging period in its history.

This solar passive rammed earth building gives us a permanent 'home' for our Interpretative Displays and an all-weather centre to host visiting schools, eco tours and special groups.

The challenge is to make a 'real difference' in the world of Environmental Education and to be a model of 'best practice' in the teaching of future generations of young Australians.

SUMMARY 2015

With the establishment of Petaurus Education Group Inc. Wirraminna is now able to expand its National Resource Management Program to schools across a large part of the Murray Darling Basin, also the Corroboree Frog Display is attracting a large audience and highlighting the precarious state of this critically endangered species.

The initial challenge of establishing the Box Gum Grassy Woodland has been worth the effort with many people enjoying the walking tracks and watching the revegetation slowly develop.

Darryl Jacob OAM
Chairperson
13 November 2015

DEVELOPMENT

1993

Darryl Jacob spent most of this year trying to convince the Burrumbuttock Recreation Ground Trust to consider his proposal to develop the Public Watering Place 443 into a Bush Reserve.

14/2/1993

First on-site meeting with 3 people.

2/3/1993

Letter written to Recreation Ground Secretary with the idea - committee rejects his idea.

27/10/1993

Hume Shire Council confirms Public Watering Place 443 is controlled by the Hume Shire Council therefore, care control and management would be delegated to the trust. Erection of any structures requires official consent.

Note: Due to town water being laid on in 1982 from Albury (32 klm away) Public Watering Place 443 is not used any more.

1994

Very little happens.

Don Eastick and Darryl Jacob nominate for committee of Recreation Ground 16/9/1994 and are accepted.

Contact made with the President of West Hume Landcare re Funding.

29/9/1994

President Ms Judy Frankenberg applies for funding for a draft landscape plan through Murray Darling Catchment Management Committee. \$600 allocated and architect Sue Campbell visits area to begin drafting plans.

1995

A busy year - the park begins.

16/1/1995	Darryl Jacob nominated for position of President of Recreation Ground Trust and elected.
30/1/1995	Enquire Re: Sponsorship with Australian Newsprint Mill.
21/2/1995	Contacted Landcare Roadside Vegetation Officer Ms Sue Schilg plus Department of Land and Water Conservation.
5/3/1995	Visit Galore Hill Nature Reserve - this is the first of many visits to many bush reserves to obtain ideas.
19/3/1995	Darryl Jacob calls the first public meeting held at the Government Dam attended by 11 people. Meanwhile Landscape Architects plan is finished.
11/7/1995	Draft plan placed on public display.
4/9/1995	Physical work actually starts - pulled old fences down.
13/9/1995	Contacted Hume Shire Council re; Public Liability OK.
25/9/1995	First site inspection with representation from Hume Shire Council.

Wirraminna Story

- 23/10/1995 First Publicity. Darry Jacob contacted the Border Morning Mail and they do a good positive story with photo.
- 1/11/1995 Hume Shire Council works manager inspects for carpark - provided May 1996.
- 13/11/1995 Post Proposal and plans to Australian Newsprint Mill with copy of Border Morning Mail story.
- 14/11/1995 Judy Frankenberg, Sue Schilg and Darryl Jacob decide to involve Burrumbuttock Public School and ask pupils to run a contest to name the bush reserve. Contact Principal Owen Dunlop
- 11/12/1995 Major meeting re: focus of bush reserve - Environmental Education is important. Don Eastick, Sue Schilg, Judy Frankenberg, Darryl Jacob.

1996

- 6/1/1996 Major earthworks on ponds.
- 21/1/1996 Levels of ponds taken by Don Eastick and Darryl Jacob.
- 25/1/1996 First donation of material - Geo Fabric Albury - Filter Cloth.
- 1/2/1996 West Hume Landcare helps with negotiations with Australian Newsprint Mill for sponsorship.
- 5/3/1996 Burrumbuttock School voted Wirraminna as the name to replace Burrumbuttock Arboretum - Recreation Ground Committee votes to accept the new name.
- 16/3/1996 Community Working Bee - 5 men, pull fences down.
- 17/3/1996 Community Working Bee - 16 men - Concrete Pour - spillways. Erect Entrance Rock
- 19/3/1996 Australian Newsprint Mill on site inspection for sponsorship.
- 16/4/1996 Contacted West Hume Landcare President - accepts job as Technical Adviser for Wirraminna.
- 3/5/1996 Contacted Greening Australia and arrange on site visit.
- 9/5/1996 Contacted Glenda Datsun - Society For Growing Australian Plants. Member and Native Plant expert to arrange visit to design front garden beds 27/6/1996.
- 27/5/1996 Hume Shire carts 145 cubic metres top soil for front beds.
- 27/5/1996 Hume Shire constructs car park.
- 2/6/1996 Contacted weed expert Ms Sue Brunskill to inspect park and give a talk 11/7/1996.
- 8/6/1996 Contacted local historian Mrs Sylvia Schmidt to research history of the public watering place: Gazetted in 1883. Dam Dug in 1902
- 11/6/1996 Australian Newsprint Mills Forester and 2 Education Officers visit park having decided to give full support to the project.
- 11/6/1996 First school group to visit by St Pauls College - Walla Walla.
- 17/6/1996 Burrumbuttock Public School now very interested in education possibilities Principal Owen Dunlop arranges a visit to the Riverina Field Study Centre at Wagga for parents and students for 29/7/1996.
- 26/6/1996 Burrumbuttock Public School applies for grant from Department of Education for Wirraminna.
- 3/7/1996 First sponsorship cheques received \$1900 from Australian Newsprint Mill for Visitors Centre
- 8/7/1996 Meeting at Graham Beesleys to design a Wirraminna Brochure. 6 people attended.
- 9/7/1996 Contacted Albury City Council Parks and Gardens, James Jenkins for advice.
- 14/7/1996 Contacted Colin Wiltshire, carpenter to design Information Centre.
- 19/7/1996 Applied for grant from Environmental Trust - unsuccessful.
- 7/8/1996 Official letters received from Hume Shire Re: Title to Public Watering Place - OK.
- 22/8/1996 Hume Shire drops off first load of pine bark from Australian Newsprint Mill 60 cubic metres.

Wirraminna Story

5/9/1996	Start contacting Native Plant nurseries for availability of plants.
17/9/1996	Finish visitors centre basic structure, 6 working bees involving 8 men. Also finished building Burrumbuttock Bridge. Start collecting donations from community for plants
19/9/1996	First visit to Pantanga Nursery, Jan Hall, Yarrawonga. Eventually to be our chief supplier.
21/9/1996	Major working bee. Parents and children. Plant residential area out. 20 phone calls to organise
2/10/1996	Contacted the Australian Geographic Centre for Sponsorship.
27/10/1996	Local Member for Parliament inspects park. Burrumbuttock School Principal Owen Dunlop arranges for Royal Botanic Garden Education Officers to visit school and assess the park
30/10/1996	Burrumbuttock School, offers their water for watering park.
3/11/1996	Society for Growing Australian Plants. Glenda Datsun, working bee 14 people, plant Patanga Gardens
4/11/1996	Darryl Jacob planted 40 bottle brushes up the entrance driveway
17/11/1996	Working Bee - put log bridge in position.
27/11/1996	Department of Education \$2000 to school towards feasibility study of the site.
14/12/1996	Design Wirraminna letterhead.

1997

16/1/1997	Contract Cyril Signs to do all timber signs.
23/1/1997	Working Bee - Cart 300 cubic metres soil for wattle bed.
11/3/1997	Darryl Jacob met with Hume Shire Council reserves committee. Money made available for picnic tables and a drink bubbler.
27/3/1997	Rang Department of Land and Water Conservation, Ian Davidson - Wildlife Biologist will inspect.
7/4/1997	Applied for Grant through Natural Heritage Trust.
7/5/1997	Hume Shire connects fresh water to Wirraminna. Drink Bubbler installed 27/8/1998.
12/5/1997	Australian Newsprint Mill decides to go ahead with Agro forestry Nelder. School to be involved.
12/5/1997	I.A.M.A. decide to sponsor Four Seasons Garden following our proposal
19/5/1997	Royal Botanic Gardens - Education Officers visit Burrumbuttock School and Wirraminna.
14/6/1997	Australian Newsprint Mill Nelder planted. 20 phone calls -20 people. Also planted Landcare Windbreak and Ornamental Gums.
21/6/1997	Plant Wattle Bed and Understory
26/6/1997	Plant Specimen Wattles and Calitris Pines.
5/7/1997	Major Working Bee - 18 members of the Society for Growing Australian Plants and Locals plant 164 wattles on dam bank and erect picnic tables
11/8/1997	Finish planting dam bank.
23/8/1997	Start to plant Craft Bed.
26/9/1997	Replant 60 native trees in Nelder Re: Australian Newsprint Mill.
15/10/1997	Department Of Land And Water Conservation remnant vegetation expert addresses Burrumbuttock School and Community at a BBQ in the park.
18/10/1997	Burrumbuttock Fire Brigade offers to water Landcare Windbreak.
27/10/1997	Apply for National Community Link Awards - unsuccessful.
7/11/1997	Natural Heritage Trust Funding successful \$8980 - cheque received 9/2/1998
12/11/1997	Contact Charles Sturt University Ms Rosemary Black Re: Interpretative Signs.

1998

Spent most of January and February obtaining quotes for signs, display boards etc., and water system.

- 16/2/1998 Contacted Latrobe University School of Environmental Management and Ecology for advice.
- 22/2/1998 First brain storm meeting Re: Interpretative Signs, Sue Schilg, Judy Frankenburg, Fe Coleman, Wendy Wiltshire and Darryl Jacob.
- 9/3/1998 Install picnic tables in Visitors Centre.
- 9/3/1998 Bat Survey conducted by Charles Sturt University
- 30/3/1998 Erect first 2 display boards in Visitors Centre.
- 31/3/1998 Invite Mr Tim Fischer Deputy Prime Minister to officially open park.
- 8/4/1998 Department of Education announces Burrumbuttock School is officially a trial Learnscape School - Allocated \$3000.
- 27/4/1998 Eradicate carp and redfin from the main dam.
- 4/5/1998 Burrumbuttock Anglers Club helps with restocking fish in dam - advice from Grong Grong Fish Hatchery.
- 5/5/1998 Contacted award winning Wooragee Primary School in Victoria re: ideas and visit.
- 11/5/1998 Contacted Canberra Native Botanic Gardens re: advice on signs and record keeping - 3 visits.
- 19/5/1998 Anthony Fanning Advanced Land Technologies. Maps Park G.P.S.) (organised free by Landcare).
- 2/5/1998 Mick Stewart - Hume Shire Council maps park with theodolite.
- 22/5/1998 Major working bee - 18 people, Thurgoona TAFE and Locals laid water main around park.
- 22/5/1998 Install power pole and power for submersible pump (School Project).
- 1/6/1998 Pump switched on for the first time.
- 10/6/1998 Visit by Department of Education and Training Head, Mr Syd Smith re: Learnsapes.
- 13/6/1998 First "Breakfast in the Park". 80 Locals plus Hume Shire Councillors.
- 15/6/1998 Riverina College of TAFE. Visit by Koori Students - Rural Studies
- 25/6/1998 Melbourne Zoo film at park.
- 6/8/1998 Hume Shire Council erects 'Wirraminna' sign at intersection.
- 24/8/1998 Hume Shire Council - Names of Project Team submitted for insurance purposes.
- 24/8/1998 Meeting at Burrumbuttock School re: Official Opening and structure of team.
- 3/8/1998 Principal Burrumbuttock School Mr Owen Dunlop floats idea of Amphitheatre for school.
- 4/9/1998 Amphitheatre excavated.
- 14/9/1998 Visit to Burrumbuttock School and Park by Director of Education and District Superintendent
- 7/10/1998 Organise 'Wirraminna' Tee Shirt.
- 12/10/1998 Natural Heritage Trust announced we are successful with 2nd round of funding \$3350.
- 13/10/1998 Erect last 4 display Boards in Visitors Centre - 2 paid for by West Hume Landcare.
- 20/10/1998 Plant aquatic plants around wetlands.
- 8/11/1998 Official Opening of Wirraminna by Deputy Prime Minister and Member for Farrer - Mr Tim Fischer.
- 13/11/1998 First fish release by Burrumbuttock Anglers Club. 100 Yellow Belly, 100 Silver Perch

1999

- 11/2/1999 First contact with Lesley Palmer - Publicity Officer, Murray Catchment Management Committee - Deniliquin.
- 16/2/1999 Laminate History Photos for Display Boards
- 10/3/1999 Float idea for Gazebo in the Nelder - Principal Burrumbuttock School, Mr Owen Dunlop to approach Australian Newsprint Mill for support.
- 15/5/1999 General Meeting of the Project Team held at Burrumbuttock Public School
- 9/6/1999 Plant Nail Can Hill bed. Initiated by Sue Schilg.
- 22/6/1999 Conference at Mulwala C.M.C. Seeds are sown for 'Wirraminna'
- Learnscape Video - Initiated and Co-ordinated by Principal Burrumbuttock School Mr Owen Dunlop
- 24/8/1999 Cheque received \$1676 to build Fletcher Challenge Field Study Centre.
- 7/10/1999 Launch Floating Island on dam.
- 9/10/1999 Monster working bee to clean up prior to filming for Learnscape Video.
- 11&14/10/99 Filming Begins
- 99
- 21/10/1999 NSW Landcare Awards NSW held in Sydney. Wirraminna and Burrumbuttock Public School awarded the winner in the Education Category.
- 23/10/1999 Australian Gas Pipeline donate helicopter for filming.
- 2/11/1999 Planted 3 grass trees in the craft bed.
- 29/10/1999 Launch of 'Wirraminna' Learnscape Video.
- 12&17/11/99 Meeting of the Project Team held at the Burrumbuttock Public School.
Discuss entrance signs
- 23/11/1999 Organise 'Wirraminna' Calendars
- 9/12/1999 Launch of 'Wirraminna' video at Commercial Club for Catchment Management Committee.

2000

- 17/1/2000 Work for the Dole - 6 men, 2 weeks work.
- 22/1/2000 Finish Gazebo
- 21/2/2000 Post Natural Heritage Trust application
- 29/2/2000 Hume Shire Council allocated \$1800 for park.
February, March April - Construct Amphitheatre
- 2/3/2000 Landcare International 2000 Awards Night in Melbourne. Burrumbuttock Public School and Wirraminna Environmental Education Centre awarded the winner of the North Ltd Education Category. Nominated by West Hume Landcare Co-ordinator.
- 12/3/2000 Celebration of the Landcare Award with an afternoon tea at Burrumbuttock Public School.
- 7/4/2000 Erect Fischer Bridge.
- 15/4/2000 Erect Sydney Harbour Bridge.
- 14/4/2000 Fletcher Challenge Paper announces long term (5 year) sponsorship deal.
- 15/4/2000 North Ltd donates \$3000.
- 25/4/2000 Meeting at Burrumbuttock School. Discuss formation of 'Friends of Wirraminna'
- 5/5/2000 School and Wirraminna share donation from North Ltd \$3,000
- 23/5/2000 School children first planting of amphitheatre
- 3/6/2000 Erect large anodized aluminium sign at entrance to park. Finish decking on Sydney Harbour Bridge

Wirraminna Story

23/6/2000	School/Wirraminna takes delivery of new John S\Deer ride on mower
7/7/2000	Wirraminna's email address registered – wirra@dragnet.com.au
30/7/2000	Finish design of new brochure
10/8/2000	School starts to develop their own website
16/8/2000	First 100 copies of new brochure
27/8/2000	First Wattle day. Guest speaker Paul Scannell from Albury Botanic Gardens
1/9/2000	Hume Shire Council includes Wirraminna in their website
25/10/2000	Join Albury/Wodonga Regional Tourism Forum
31/9/2000	School wins NSW Readers Digest awards
1/1/2000	1 st Church service at Wirraminna (Non-Denominational)
3/10/2000	Win TV film park
20/10/2000	NHT funding approved for 2000/2001- \$4900
1/11/2000	Hume Shire Council website up and running
17/11/2000	Take delivery of 50 caps
3/11/2000	Meeting with Hume Shire Council, regarding Shire managing our funds – decide to accept offer. Wirraminna to become a separate park June 30, 2001 – Under Section 335 of Local Government Act
29/11/2000	Committee decides to make a donation box

2001

4/1/2001	Put Irrigation system in amphitheatre
26/1/2001	Australia day, Dr David Butcher C.E.O. World Wildlife Fund, visits park
12/2/2001	Green Corps work at park – 1 week
23/2/2001	Decide to build a composting toilet, apply to shire for funds
8/4/2001	Write to Hume Shire Council for money for toilet and a budget – Wirraminna to be included in annual Parks and Reserves budget
13/6/2001	Green Corps team in park
17/7/2001	Member for Farrer, Tim Fisher launches Green Corps Team
